PROFESSIONAL SUMMARY

React Developer with 1 year of professional experience at Sunseaz Technologies Pvt. Ltd., building responsive and user-friendly web applications using React.js, Next.js, JavaScript, TypeScript, HTML5, CSS3, Tailwind CSS, and REST APIs. Experienced in API integration, reusable component development, responsive UI, authentication, debugging, and frontend optimization. Worked on multiple real-world web applications and collaborated with backend and design teams to deliver project requirements. Quick learner with a strong interest in modern frontend technologies and scalable web application development.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frontend: React.js, Next.js, Tailwind CSS, Responsive Web Design

React Ecosystem: React Hooks, React Router, Context API, Zustand

API & Authentication: REST APIs, API Integration, JWT Authentication, Protected Routes

Tools: Git, GitHub, VS Code, Postman

Other: Responsive UI Development, Form Handling, Debugging, Error Handling, Loading States, Web Optimization

PROFESSIONAL EXPERIENCE

SUNSEAZ TECHNOLOGIES PVT. LTD. — REACT DEVELOPER

October 2025 – October 2026 | 1 Year

- Develop responsive and user-friendly web applications using React.js, Next.js, JavaScript, HTML5, CSS3, and Tailwind CSS.
- Integrate REST APIs and handle dynamic data, API responses, loading states, and error handling.
- Build reusable React components to improve code maintainability and development efficiency.
- Implement responsive interfaces optimized for desktop, tablet, and mobile devices.
- Work on authentication features including JWT authentication and protected routes.
- Collaborate with backend developers for API integration, troubleshooting, and feature implementation.
- Debug and resolve UI, responsiveness, and API integration issues.
- Work with Git and GitHub for source-code management and collaborative development.
- Optimize frontend assets and implement UI improvements based on project requirements.

PROJECTS

1. LAS COLINAS MANAGEMENT

React.js | JavaScript | API Integration | Responsive Design
Live: https://lascolinasmanagement.com/

- Developed and enhanced responsive web interfaces using React.js.
- Integrated APIs for Contact Us, Resume, Job Application, and Newsletter functionality.
- Implemented responsive layouts for desktop, tablet, and mobile devices.
- Worked on form handling, validation, API responses, and error handling.
- Fixed UI issues and implemented design changes based on project requirements.

2. OPEN SKY HOLIDAYS

React.js | JavaScript | API Integration | Responsive UI
Live: https://openskyholidays.com/

- Developed frontend features using React.js and modern JavaScript.
- Integrated REST APIs to display and manage dynamic application data.
- Implemented responsive UI components based on project requirements.
- Worked on API debugging, frontend functionality, and UI improvements.
- Created reusable components to maintain consistency across the application.

3. JUSTKLICK

Next.js | React.js | API Integration | REST APIs

- Developed responsive frontend interfaces using Next.js and React.js.
- Integrated REST APIs and handled dynamic data in the frontend.
- Worked on reusable components and responsive layouts across different screen sizes.
- Implemented API integration, data rendering, loading states, and error handling.
- Developed frontend features based on project requirements.

4. MYTRI CRM

React.js | JavaScript | API Integration | REST APIs
Live: https://channel-partner.maytrigroup.in/

- Developed frontend features for a CRM application using React.js.
- Integrated REST APIs with React components and handled dynamic application data.
- Worked with API documentation to understand endpoints, request parameters, and responses.
- Implemented dynamic data rendering and frontend functionality.
- Debugged API integration issues and resolved UI-related problems.

5. UNI GUIDE

React.js | JavaScript | API Integration | Responsive Web Development
Live: https://uni-guide.co.uk/

- Developed responsive frontend interfaces using React.js.
- Created reusable components and structured UI sections for maintainable development.
- Implemented responsive layouts across desktop, tablet, and mobile devices.
- Worked on UI improvements, bug fixes, and frontend functionality.
- Integrated dynamic content and handled frontend state and user interactions.

6. LEADLAUNCH

React.js | JavaScript | API Integration | Responsive Design
Live: https://leadlaunch.in/

- Developed responsive frontend components using React.js.
- Worked on website sections, reusable UI components, and responsive layouts.
- Integrated APIs and handled dynamic frontend data.
- Implemented UI changes and resolved frontend bugs.
- Optimized website assets and improved the overall user experience.

EDUCATION

B.TECH — COMPUTER SCIENCE AND ENGINEERING
Chadalawada Ramanamma Engineering College | CGPA: 6.53
INTERMEDIATE
Narayana Junior College | Marks: 875
SSC
St. Antony's E.M. High School | CGPA: 9.3

ADDITIONAL STRENGTHS

- Strong knowledge of modern React.js frontend development.
- Hands-on experience with Next.js and REST API integration.
- Good understanding of reusable component development.
- Strong debugging and problem-solving skills.
- Responsive and mobile-first UI development.
- Quick learner with the ability to adapt to new technologies.
- Comfortable working in collaborative development environments.
